

## Data Sheet

BK Precision offers a wide variety of current clamp meters for safe non-invasive current measurement. The new line of mini clamp meters are practical where a traditional sized meter may be too cumbersome to use. Both models 312B and 313A feature autoranging capabilities and are ideal for use in cramped quarters. The BK Precision mini clamps are more than just current clamps they offer the ability to measure voltage and resistance. Both the 312B and 313A meet CE requirements and come with a one year warranty.
